Office of Management and Budget

Subject: *Progress Made by the U.S. Department of the Interior in Implementing Government Charge Card Recommendations, Fiscal Year 2025*  
Report No.

Dear Director Vought:

This letter provides the status of progress made by the U.S. Department of the Interior (DOI) in implementing previous Government charge card recommendations as of the end of fiscal year (FY) 2025, as well as information about other DOI-related charge card audits and evaluations and Office of Inspector General (OIG) reviews.

The Government Charge Card Abuse Prevention Act of 2012 (Pub. L. No. 112-194) requires all executive branch agencies to establish and maintain safeguards and internal controls for purchase, travel, and centrally billed accounts. The Act is intended to reinforce efforts to prevent fraud, waste, and mismanagement of Governmentwide charge card programs. In addition, the Act requires Federal agency OIGs to conduct periodic risk assessments of agency purchase card or convenience check programs to analyze the risk of illegal, improper, or erroneous purchases and payments. We use these risk assessments to determine the necessary scope, frequency, and number of audits or reviews that we will perform related to these programs. The Act also requires us to report on DOI's progress in implementing our recommendations regarding Government charge cards.

We did not issue any audit, inspection, or evaluation reports during FY 2025 that included charge card-related findings and recommendations, and, as of September 30, 2025, our office had no ongoing charge card-related audits, inspections, or evaluations.

We reviewed the following reports to determine the status of the outstanding charge card-related recommendations included in our FY 2024<sup>1</sup> charge card reporting:

- *Stronger Controls Needed Over the Bureau of Reclamation's Central Valley Project Cost Allocation and Ratesetting Processes* (Report No. 2022-WR-048), issued August 12, 2024. In the report, we made 11 recommendations related to charge cards, 10 of which we considered implemented and 1 resolved as of our FY 2024 reporting. In FY 2025, we considered the remaining recommendation implemented.
- *The U.S. Department of the Interior Needs To Better Protect Data Stored in the Cloud From the Risk of Unauthorized Access* (Report No. 2022-ITA-025), issued February 21, 2024. In the report, we made one charge card-related recommendation, which we considered resolved as of our FY 2024 reporting. In FY 2025, we considered the recommendation implemented.

<sup>1</sup> *Progress Made by the U.S. Department of the Interior in Implementing Government Charge Card Recommendations, Fiscal Year 2024* (Report No. 2025-FIN-008).

- *The U.S. Department of the Interior Needs To Improve Internal Controls Over the Purchase Card Program* (Report No. 2018-FIN-059), issued November 13, 2019. In the report, we made five recommendations, four of which we considered implemented and one resolved as of our FY 2024 reporting. In FY 2025, we considered the remaining recommendation implemented.

All of the recommendations have been implemented. See the attachment for a list of these recommendations and their status.

If you have any questions about this progress report or require further information, please contact me at [aie\\_reports@doioig.gov](mailto:aie_reports@doioig.gov).

Sincerely,

Nicki Miller  
Assistant Inspector General for Audits,

## **REPORT FRAUD, WASTE, ABUSE, AND MISMANAGEMENT**

The Office of Inspector General (OIG) provides independent oversight and promotes integrity and accountability in the programs and operations of the U.S. Department of the Interior (DOI). One way we achieve this mission is by working with the people who contact us through our hotline.

### **WHO CAN REPORT?**

Anyone with knowledge of potential fraud, waste, abuse, misconduct, or mismanagement involving DOI should contact the OIG hotline. This includes knowledge of potential misuse involving DOI grants and contracts.

### **HOW DOES IT HELP?**

Every day, DOI employees and non-employees alike contact OIG, and the information they share can lead to reviews and investigations that result in accountability and positive change for DOI, its employees, and the public.

### **WHO IS PROTECTED?**

Anyone may request confidentiality. The Privacy Act, the Inspector General Act, and other applicable laws protect complainants. Specifically, 5 U.S.C. § 407(b) states that the Inspector General shall not disclose the identity of a DOI employee who reports an allegation or provides information without the employee's consent, unless the Inspector General determines that disclosure is unavoidable during the course of the investigation. By law, Federal employees may not take or threaten to take a personnel action because of whistleblowing or the exercise of a lawful appeal, complaint, or grievance right. Non-DOI employees who report allegations may also specifically request confidentiality.

If you wish to file a complaint about potential fraud, waste, abuse, or mismanagement in DOI, please visit OIG's online hotline at [www.doioig.gov/hotline](http://www.doioig.gov/hotline) or call OIG's toll-free hotline number: 1-800-424-5081
